

MIAMI-DADE EXPRESSWAY AUTHORITY AESTHETIC ENHANCEMENT POLICY

PURPOSE

Miami-Dade Expressway Authority strives to incorporate aesthetically pleasing features into its facilities to enhance the quality of life for the citizens of and visitors to Miami-Dade County. Enhancements shall include, but are not be limited to: greenways, bike paths, roadside parks and rest areas, water bodies and lake ways, noise mitigation features or structures, landscape and xeriscape improvements, large scale public art, and unique and aesthetically pleasing architectural features of the MDX system.

SPECIFIC REQUIREMENTS

1. MDX staff shall implement this policy through the development and use of an Aesthetics Enhancements Manual.
2. MDX will confer with Miami-Dade County's Neat Streets Miami (NSM) and Transportation Aesthetic Review Committee (TARC) in the development of enhancement plans for specific projects.
3. This Policy rescinds all previous policies relating to MDX System Enhancements and Aesthetics.

This policy shall be effective on the date on which it is adopted by the Governing Board and until such time as this policy is rescinded by the Board.
