SR 924/Gratigny Parkway Operational Improvements Project

From NW 36th Avenue to NW 27th Avenue

Fact Sheet

GMX Project No: 40052.000.060

The State Road (SR) 924/Gratigny Parkway Operational Improvements project will enhance safety and traffic operations along eastbound and westbound Gratigny Parkway from NW 36th Avenue to west of NW 27th Avenue. The project will also upgrade the left turn from westbound Gratigny Parkway to NW 36th Avenue to a signalized left-turn intersection, reconfiguring the opening and improving safety for vehicles crossing over Gratigny Parkway.

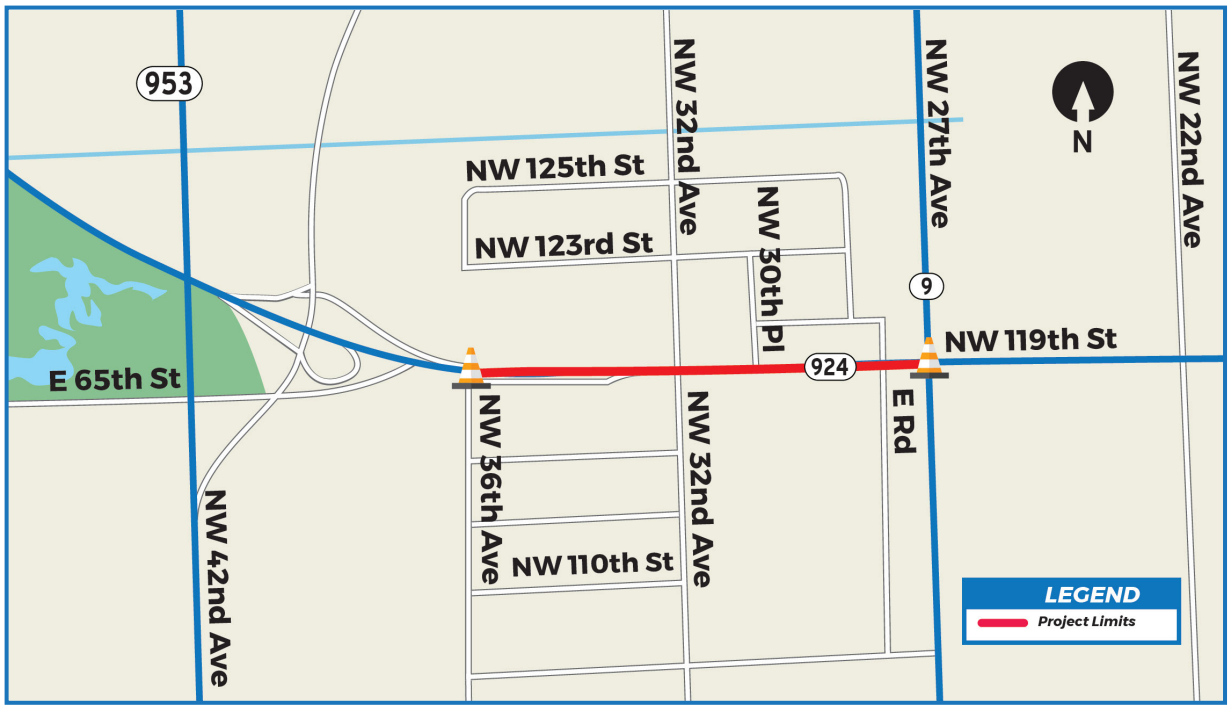

QUICK FACTS

Project Limits: Gratigny Parkway from NW 36th Avenue to west of NW 27th Avenue

Project Cost: $2,493,403.86

Start Date: Fall 2026

Estimated Completion: Fall 2027

Plan Ahead!

Detours are expected to begin in December 2026. Watch for posted signs announcing closures and traffic pattern changes.

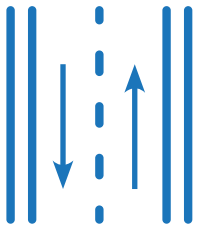

PROJECT BENEFITS

New traffic signals on SR 924 to provide a protected left turn from westbound Gratigny Parkway to NW 36th Avenue, improving safety

Reconfigure the NW 32nd Avenue and Gratigny Parkway intersection to improve traffic flow

Resurface the roadway in both directions for a smoother, longer-lasting driving surface

Upgrade curbs and pedestrian ramps to current ADA standards, improving accessibility

Modify pedestrian signals as needed to improve accessibility and safety

CONSTRUCTION IMPACTS

Major construction activities will primarily occur during off-peak hours and in phases to keep traffic moving throughout the project area. Drivers are encouraged to plan ahead, use caution in the work zone, and follow posted signs.

Motorists can expect:

- Temporary lane closures may occur intermittently on Gratigny Parkway and surrounding cross streets during daytime hours from 9 a.m. to 3:30 p.m. and overnight from 11 p.m. to 5:30 a.m. Detours will be properly signed.
- Pedestrian detours on Gratigny Parkway
- Moderate levels of vibration, noise and dust in the air can be expected
- Delays traveling through the work zone during active closure periods
