Questions?

An aerial photograph of Miami, Florida, featuring the Greater Miami Expressway (I-115) running diagonally across the frame. The highway is a multi-lane elevated roadway with a green-paved section. In the background, the Miami skyline is visible with numerous skyscrapers. To the right, the Hard Rock Stadium is prominent with its distinctive white, shell-like roof. The foreground shows a mix of urban development, including residential areas with houses and commercial buildings, interspersed with green trees and landscaping. The overall scene is captured in a bright, clear light, suggesting a sunny day.

Thank You!

GMIX
