## GMX's First Completed Construction Project Connects Communities with Improved Travel Times

Miami, FL – The Greater Miami Expressway Agency (GMX) has successfully completed its inaugural construction project, the State Road 836/Dolphin Expressway and Florida's Turnpike Ramp Connections, reducing travel times and increasing efficiency on GMX roads. This \$55 million project, which began in May 2022, introduces four new ramps, providing drivers with unprecedented direct access between the Dolphin Expressway, Florida's Turnpike, and the Dolphin Station Park and Ride.

The new ramps will improve travel times and alleviate congestion on our roads.

"The completion of this project is a testament to the power of teamwork, dedication, and forward thinking," said Chair Mariana "Marili" Cancio, GMX Governing Board. "We are proud to deliver improvements that will make a real difference in the daily lives of drivers and commuters. I look forward to what the future holds."

### **The newly completed traffic patterns available to drivers include:**

- An exit ramp from southbound Florida's Turnpike to westbound Dolphin Expressway
- An entrance ramp to westbound Dolphin Expressway from NW 121 Avenue/Telemundo Way
- An exit ramp from eastbound Dolphin Expressway to NW 121 Avenue/Telemundo Way
- An entrance ramp to northbound Florida's Turnpike from eastbound Dolphin Expressway

Additionally, the project features the reconstruction of key exits, such as the exit from southbound Florida's Turnpike to eastbound Dolphin Expressway and from westbound Dolphin Expressway to northbound Florida's Turnpike, further showcasing GMX's dedication to improving mobility across the region.

"As Miami-Dade County's western commercial and residential areas continue to expand, so does the need for improved transportation solutions," said GMX Executive Director/CEO Torey Alston. "GMX is committed to not only enhancing our expressway network but also ensuring drivers have access to public transportation hubs and partner highways."

### About the Greater Miami Expressway Agency (GMX)

The Greater Miami Expressway Agency (GMX) operates five expressways in Miami-Dade and portions of northeast Monroe County that include SR 836/Dolphin Expressway, SR 112/Airport Expressway, SR 874/Don Shula Expressway, SR 878/Snapper Creek Expressway and SR 924/Gratigny Parkway. GMX is funded almost entirely by toll revenue and is dedicated to making your commute safer and more efficient.
